REMARKS

The allowance of claims 1 - 26 and the indication that this application is in condition for allowance except for formal matters, is acknowledged.

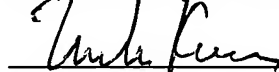

By the present amendment, the specification and claims have been amended to recite "NMR" where "NRM" appears, and also in the claims, the term "appropriate" has been changed to "device" to provide for proper readability. A similar amendment has been effected in the specification. Also, the abstract has been amended to delete reference numerals as required by the Examiner. Additionally, replacement sheets of drawings have been submitted, wherein the various rectangular boxes in the drawings have been labeled, as required by the Examiner, and acceptance of the drawings is respectfully requested.

In view of the above amendments and remarks, and the submission of replacement drawings, applicants submit that all formal matters noted by the Examiner have been overcome and applicants therefore request issuance of a notice of allowance.
